Extended School Year June 14 – July 14

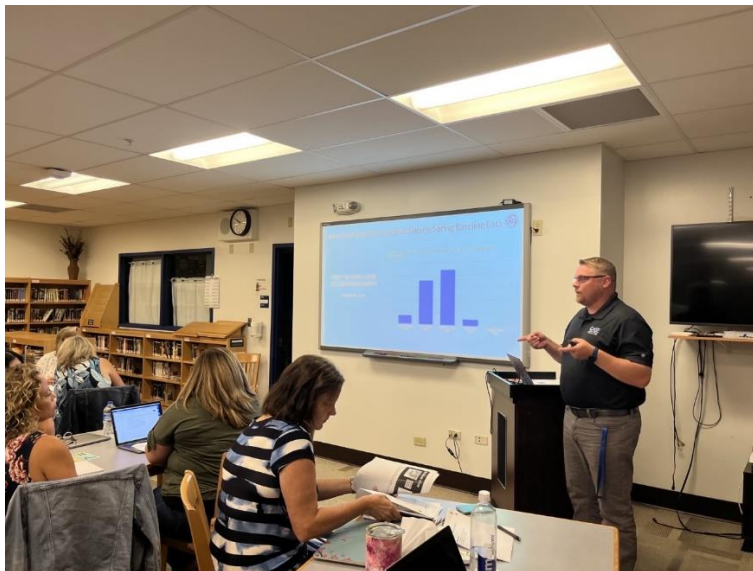

Above: ESY 2022 enjoyed the support of the Carol Stream police department to connect with students. During parent open house, Officer Pablo Castro greeted students with a popsicle treat. On June 30th, the police returned for Superhero Day leaving capes for all the students.

Below: ESY succeeded through the dedication of 113 teachers, paraprofessionals, and related service personnel who work to support the students in their summer learning experience.

Social-Emotional Health and Wellness

Dr. Matt Epperley, Administrator of Social Emotional Health and Wellness for CASE, participated in the District 89 data retreat with the school improvement teams. Matt focused on survey data around restorative practices.

Lobbying and Legislation

Mary Furbush was in Washington DC in July with over 200 special education administrators. The key issues that we addressed with lawmakers included supporting a glidepath to full IDEA funding within 10 years, increased supports for mental health and working on ways to address the severe shortage of professional staff in the areas of special education.
