Glenbard Parents as Teachers

Carol Fate and Jeanine Woltman attended the national Parents as Teachers conference where they received recognition for 15 years of service. GPAT's home visiting program utilizes this nationally recognized, research-based curriculum designed to promote the skills and connections for children to be ready for kindergarten. GPAT is also recognized as a Blue-Ribbon Affiliate – the highest PAT recognition of model fidelity. Carol, program supervisor, and Jeanine, lead home visitor/GECC coordinator, supervise a team of six Home Visitors, all of whom are approved PAT providers.

Adaptive Physical Education

Sherilyn Sullivan, Adaptive PE Teacher (CASE / D87 – Glenbard South) ended a recent bowling unit with Cosmic Bowling. With the lights turned down, a disco ball on, music playing, and glow necklaces for everyone, the students showed off their bowling skills. The end of this fun unit also involves crazy bowling where students bowl with the opposite hand, bowl with both hands, spin around one time then bowl, sit and push the ball with their feet, and lay down and push the ball with their hands!

CASE Social Work Team

Zilda Blazina (CASE / QB16 Psychologist) and Maya Parsons (CASE/ QB16 Social Worker) leading a lunch group. The group played the game titled, *Count Your Chickens* as an opportunity to develop turn-taking skills and increase self-management skills.

Vision Services

Caitlin Miller, TVI, learns to use a Braille Note Touch Tablet from Isaac, a freshman at Wheaton North who is legally blind. Caitlin will use her new knowledge to support an elementary student learning Braille Note. CASE staff Christina Mora (vision) and Mia Bechtold (O&M) provide vision services to Isaac.

Illinois Principal's Association Conference

Dr. Matt Epperley attended the Illinois Principal's Association "Legacy of Leaders" Fall Conference in Peoria, Illinois. Matt will serve as the 2021-22 IPA Membership Chair for the DuPage Region. In addition, Matt provided his insights during the breakout session titled, *Everyday SEL for Administrators* led by Drs. Carla Philabert and Allison Slade.

Occupational Therapy Services

Morgan Lachar, Occupational Therapist (CASE/D93) works with a student to produce the first printed object using a 3D printer at the unveiling of the Innovation Center at Western Trails Elementary School.
