Dear Educator:

The Cooperative Association for Special Education (CASE) is pleased to provide you the attached Low Incidence Referral Packet for hearing, and vision itinerant services. All enclosed forms may be duplicated.

Referrals to Low Incidence Itinerant Services, as part of the full and comprehensive case study, for individuals 3 to 22 years, are made by the multi-disciplinary team when the student is being considered for special education services or at any time when an educational disability in the areas of hearing, or vision is suspected. The referral process should follow district procedures in accordance with state and federal statutes and regulations.

Please email or mail a copy of the completed itinerant referral to:

Mindy Long
CASE Itinerant Services
1104 N. Main Street
Lombard, IL 60148
mlong@casedupage.com

When all referral materials are received, the student will be evaluated by a member of the CASE Itinerant Services diagnostic staff in the low incidence domain requested. There will be a diagnostic evaluation charge for each individual evaluation. The school district will receive a copy of the functional report and be billed for the service upon completion of the evaluation.

CASE staff members are available if needed to in-service school districts regarding the use of these forms. If you have any questions regarding the enclosed information or children considered for evaluation, please feel free to contact us.

Respectfully,

Mindy Long
CASE Itinerant Services Administrator

PARENT/GUARDIAN CONSENT FOR INITIAL EVALUATION

DATE: _____ STUDENT'S NAME: _____ STUDENT'S DATE OF BIRTH: _____

Dear _____
(Parent(s)/Guardian(s) Name)

Each school district shall ensure that a full and individual evaluation is conducted for each child being considered for special education and related services. The purpose of an evaluation is to determine:

- o Whether the child has one or more disabilities;
- o The present levels of academic achievement and functional performance of the child; Whether the disability is adversely affecting the child's education; and,
- o Whether the child needs special education and related services.

An evaluation considers domains (areas related to the suspected disability) that may be relevant to the educational problems experienced by the individual child under consideration. The nature and intensity of the evaluation, including which domains will be addressed, will vary depending on the needs of your child and the type of existing information already available. The IEP Team, of which you are a member, determines the specific assessments needed to evaluate the individual needs of your child. Within 60 school days from the date of parent/guardian consent, a conference will be scheduled with you to discuss the findings and determine eligibility for special education and related services.

The IEP team must complete page 2 of this form prior to obtaining parental consent for evaluation.

PARENT/GUARDIAN CONSENT FOR INITIAL EVALUATION

I understand the school district must have my consent for the initial evaluation. If I refuse consent for an initial evaluation, the school district may, but is not required to, pursue outside procedures through due process. If the school district chooses not to pursue such procedures, the school district is not in violation of the required evaluation procedures. I understand my rights as explained to me and contained in the **Explanation of Procedural Safeguards**. I understand the scope of the evaluation as described on page 2 of this form.

I give consent I do not give consent to collect and/or review the evaluation data as described on page 2 of this form

PARENT/GUARDIAN CONSENT FOR REEVALUATION

DATE: _____ STUDENT'S NAME: _____ STUDENT'S DATE OF BIRTH: _____

Dear _____
(Parent(s)/Guardian(s) Name)

Each school district shall ensure that a reevaluation is conducted for each child being reconsidered for special education and related services. Reevaluation must occur at least once every three years unless the parent and school district agree that a reevaluation is not needed. A reevaluation may not occur more than one year, unless the parent and school district agree it is necessary. The purpose of a reevaluation is to determine

- Whether the child continues to have one or more disabilities;
- The present levels of academic achievement and functional performance of the child;
- Whether the disability is adversely affecting the child's education
- Whether the child continues to need special education and related services; and
- Whether any additions or modifications to the child's special education and related services are needed to enable the child to meet the measurable annual goals in the Individualized Education Program (IEP) and to participate appropriately in the general curriculum, extracurricular activities and other nonacademic activities.

An evaluation considers domains (areas related to the suspected disability) that may be relevant to the educational problem experienced by the individual child under consideration. The nature and intensity of the evaluation, including which domains will be addressed, will vary depending on the needs of your child and the type of existing information already available. The IEP Team, of which you are a member, determines the specific assessments needed to evaluate the individual needs of your child. Upon completion of your child's evaluation, a conference will be scheduled with you to discuss the findings and determine eligibility for special education and related services

The IEP team must complete page 2 of this form prior to obtaining parental consent for a reevaluation. If the IEP team determines no additional evaluation is needed, then parental agreement and not parental consent is required.

PARENT/GUARDIAN AGREEMENT THAT NO ADDITIONAL DATA IS NEEDED

I understand the school district is not required to conduct a reevaluation to determine if my child continues to be a child with a disability. However, I may request the school district to conduct the reevaluation.

I agree I do not agree with the determination that no additional data is needed

Date: _____ Parent/Guardian Signature: _____

PARENT/GUARDIAN CONSENT TO COLLECT ADDITIONAL EVALUATION DATA

I understand the school district must have my consent for the reevaluation. If I refuse consent, the school district may, but is not required to, pursue override procedures through due process. If the school district chooses not to pursue such procedures, the school district is not in violation of the required evaluation procedure. Furthermore, I understand that if I fail to respond to the request for consent, the school district may pursue the reevaluation if the school district made reasonable efforts to obtain such consent. I understand my rights as explained to me and contained in the Explanation of Procedural Safeguards. I understand the scope of the evaluation as described on page 2 of this form.

I give consent I do not give consent to collect the evaluation data as described on page 2 of this form.
